Here I examine in detail three scientific questions: were the music in Comet Shoemaker-Levy 9.. sets of aligned arrowheads relative to the prevailing direction of the. Review: Weeds: Season 7 - "New Leaf" "New Leaf" is a name that sounds kind of lame, but it's a pretty clever way to refer to the whole season of Weeds. The whole show is in a transition phase, so maybe the latest episode's title is a reference to how the season itself is going to change. Personally I don't think it really fits ("Homeland" was another show that was in a transition, and that TV season didn't get much more subtle with its riddles about the CIA). While the concept of the whole season was pretty much "get rid of Nancy," the opening fifteen minutes of this episode set up a few major shifts in the show's overall direction. And there's a lot of confusion involved with them. The main one is that this is the last time that Nancy finds herself in the company of her mother. Sure it looks like she'll be coming back at some point, but it looks like this is it. We've got some real character casualties here. As far as the main storyline is concerned, Gilliam and Nancy have agreed to sever ties with each other for a while. From what I can tell, this means that Nancy now has a new kid, making college possible. During the brief introductory scenes, we see that Bree's getting sick. Here's the kind of scene where I wish the creators would have shown more than a couple of seconds of the shot. They just spent the whole scene showing us that Bree was so weird and compulsive that she could start to have a breakdown at any moment. Now we get a shot of Bree in a bathroom, where her face is contorted in pain and the toilet is upended over a sink full of dirty dishes. I'm not sure I can stand watching that scene without my eyes getting all watered up. And then, once we're able to see more of her face, we get the shot that says that whatever they had on for her face was held in place with tape and glue. The image and the sound must have been so distracting that she just couldn't think straight.
